

# FACULTY RESEARCH AWARDS DAY

THURSDAY, OCTOBER 1, 2009

12:00 PM - 2:00 PM

## NUTRITION RESEARCH CENTER CONFERENCE ROOMS

\*\*\*\*\*

Join your colleagues for the 13<sup>th</sup> Annual Wake Forest University Health Sciences Basic and Clinical Research Awards. Dr. Sally Shumaker, Ph.D., Senior Associate Dean for Research, will provide opening remarks and give individual introductions of recipients. Following lectures by recipients, awards will be presented by Dr. John McConnell, M.D., Chief Executive Officer, and Dr. William Applegate, M.D., M.P.H., M.A.C.P., President and Dean. The awardees are as follows:

### New Investigator in Basic Sciences

*Cristina M. Furdui, Ph.D.*

Assistant Professor

Department of Internal Medicine

Section on Molecular Medicine

"Dynamic Analysis of Signaling Networks Induced by Biological Perturbations"

### New Investigator in Clinical Sciences

*Matthew S. Edwards, M.D.*

Associate Professor

Division of Surgical Sciences

Department of Vascular and Endovascular Surgery

"Renovascular Disease Research at Wake Forest University Health Sciences "

### Mid-Career Investigator in Basic Sciences

*Sara R. Jones, Ph.D. (Co-Recipient)*

Associate Professor

Department of Physiology & Pharmacology

"Dopamine and Addiction"

### Mid-Career Investigator in Basic Sciences

*Carl D. Langefeld, Ph.D. (Co-Recipient)*

Associate Professor

Division of Public Health Sciences

Department of Biostatistical Sciences

"The Search for Disease-Predisposing Genetic Variants"

### Mid-Career Investigator in Clinical Sciences

*Joseph Grzywacz, Ph.D.*

Associate Professor

Department of Family & Community Medicine

"The Work-Family Interface: Health Implications"

### Established Investigator in Basic Sciences

*Thomas D. DuBose, Jr., M.D., M.A.C.P. (Co-Recipient)*

Tinsley R. Harrison Professor and Chair

Department of Internal Medicine

"G-Protein Coupled Receptors Function as pH Sensors in the Kidney to Defend Against Metabolic Acidosis"

### Established Investigator in Basic Sciences

*Douglas Lyles, Ph.D. (Co-Recipient)*

Professor and Chair

Department of Biochemistry

"The Many Functions of Viral Matrix Proteins"

### Established Investigator in Clinical Sciences

*Deborah A. Meyers, Ph.D.*

Professor and Co-Director

Center for Human Genomics

"Genetics of Respiratory Diseases"

Lunch will be provided during the Awards Ceremony;  
As a courtesy to Awardees, please stay for entire program
