RE-ENTRY STATEMENT
Do not enter treated areas for 24 hours unless appropriate protective clothing is worn. Because certain states may require more restrictive reentry intervals for various crops treated with this product, consult your State Department of Agriculture for further information. Do not apply this product in such a manner as to directly or through drift expose workers or other persons. The area being treated must be vacated by unprotected persons. Written or oral warnings must be given to workers who are expected to be in a treated area or in an area about to be treated with this product. Oral warnings must be given if there is reason to believe that written warnings cannot be understood by workers. When oral warnings are given, warnings shall be given in a language customarily understood by workers. Written or oral warnings must include the following information.

DANGER
(Insert area or field description) treated with tranziapon (insert date of application). Do not enter without appropriate protective clothing for 24 hours. In case of accidental exposure: Call a doctor (physician), clinic or hospital immediately. Explain that the victim has been exposed to tranziapon and describe his condition. For further information see the STATEMENT OF PRACTICAL TREATMENT portion of the pesticide label.

PRECAUTIONARY STATEMENTS

CAUTION: Harmful if swallowed. Do not breath in vapor or spray mist. Avoid contact with skin; wash skin and hands thoroughly after using. Avoid contamination of food. Tranziapon is a cholinesterase inhibitor and can cause symptoms similar to those caused by other organic phosphate compounds. If poisoning should occur, CALL A PHYSICIAN IMMEDIATELY. *Note to Physicians.* Emergency Information call (123) 456-7890.
